INFORMATIVE LETTER OF INVITATION

Dear colleagues!

We invite you to participate in

The International scientific and practical conference

IX DANUBE SCIENTIFIC READINGS

«Ukrainian Bessarabia as a model of multicultural development of the state»,

dedicated to the International Human Solidarity Day
which will take place on December 20, 2023

The purpose of the conference: implementation of a comprehensive scientific discussion of the current state of research in the field of economics, science and education within the territory of Ukrainian Bessarabia; providing a platform for the free exchange of opinions and research results on solving the problems of multicultural development of the state.

Ukrainian and foreign students, scientists, representatives of state authorities and local self-government, and practical specialists who are not indifferent to the issues of socio-cultural sustainable development of the Ukrainian Bessarabia region are invited to participate in the conference.

Discussions are planned in the following areas:

- 1) *Sustainable development of Ukrainian Bessarabia: domestic practices and European experience:*
 - human capital in the context of forming a sustainable development strategy;
 - environmental challenges caused by natural and climatic changes in the region;
 - innovative socio-humanitarian environment as an effective tool for community development;
 - problems of the development of peripheral depressed areas;
 - cluster approach to the organization of economic and educational and scientific activities;
 - constructive experience of administrative and territorial reform in the countries of Eastern Europe.
- 2) *Territorial communities: realities and development prospects:*
 - current problems of social interaction, pedagogical partnership in education and prospects for the development of territorial communities;
 - geodemographic processes in Ukrainian Bessarabia;
 - infrastructural and technical support for the activities of united territorial communities;
 - innovative and latest information technologies in education and management of life processes in territorial communities;

- clusters – an effective organizational and legal form of management in the countryside.
- 3) *Historical and cultural heritage of the region and its use in economic activity:*
 - national-patriotic aspects of the educational environment: multicultural contents;
 - historical and geographical trajectory of the region's development: past and present;
 - regional historical and cultural heritage as a base for tourism development.
 - 4) *Modern trends in language and literature education in the multicultural region:*
 - topical issues of maintaining the Ukrainian language;
 - problems and prospects of linguistic studies of the 21st century;
 - interdisciplinary strategies of modern literary studies: national and European context;
 - lingual features of polyethnic regions: effective regional practices of transformation into a competitive advantage.
 - 5) *Psychological and pedagogical aspects of the formation of socio-cultural competences of the resident and the head of the territorial community:*
 - education and personnel support of the activities of newly-formed administrative units: new markers of the mission of the single state institution of higher education in Ukrainian Bessarabia – Izmil State University of Humanities;
 - psychological mechanisms of intensification of youth participation in the activities of local communities.
 - 6) *Programs and projects of sustainable development for the effective recovery of Ukrainian Bessarabia in the post-war period:*
 - information and communication strategies for the development of cross-border cooperation for the effective recovery of Ukraine;
 - readiness of territorial communities to develop and implement international technical assistance projects;
 - topical issues of creating and implementing development programs and projects.

Forms of participation: distant, virtual.

The deadline for submitting materials is December 18, 2023 (inclusively).

Official language of the conference: Ukrainian.

Conference working languages: English, Bulgarian, German, Romanian, Turkish, French.

Conference working languages: Ukrainian, English, Bulgarian, Greek, German, Polish, Romanian, Turkish, French (for non-Ukrainian entity).

Forms of participation: distant, virtual.

Participants, who take part in the conference will be sent the certificate of participation.

According to the reports of the International scientific and practical conference the collection of papers will be published.

It is necessary to fill in a registration on-line form for the scientific and practical conference until **December 15, 2023** according to the reference: <https://forms.gle/pYNbgDyGMOUzr2px7>

The application for receiving an electronic certificate (for additional payment) should be filled in a registration on-line form by **December 15, 2023** according to the reference: <https://forms.gle/wfNRe71rPEMiWVdL8>

The text of the article should be sent to the conference organizing committee until **December 18, 2023 (inclusively)**. Materials should be sent to the address: nauka_idgu@ukr.net,

N.B.! Authors, please, first send your article for the review by the organization committee, you can pay the registration fee only after confirmation of the acceptance of the article.

FORMAT REQUIREMENTS

The text submitted should be 5 – 6 pages in length; A4 (240*297 mm) page format; in MS Word with extension *.docx, *.doc or *.rtf; Times New Roman font, left, right, top, bottom margins - 20 mm; size 12 pt, 1.0 interval, 1 cm paragraph indentation.

The required structural elements of the text: introduction, main part, conclusions.

Structural elements **shouldn't be** pointed.

The code number UDC (ordinary print) is to be given on the first line before the name of the author/s in the left hand corner. The following paragraph – is the title of the article in capital letters, below is the first and the last name of the author/s (the number of the authors no more than three) in the English language, with reference to the author's/s' information details in the form of comment. The following paragraph – is the title of the article in capital letters, below is the first and the last name of the author/s (the number of the authors no more than three) in the Ukrainian language, with reference to the author's/s' information details in the form of comment.

N.B.! Brief author's/s' information details are to be given in the form of comment to the author's/s' last name with the help of “Superscript” function: the ordinal number of the comment is indicated (e.g. ... 1 ... 2), and below the text of the article under the title “Comments” the necessary information is given in the English and Ukrainian languages (academic degree, academic rank, position, place of work, contact details with the indication of the author's ORCID).

The following paragraph – is the text of the abstract (250-300 cpl), the key words (5-7) in the English and Ukrainian languages. On the next line the text of the article is given. “List of references” should be given after the text in the order of their appearance in the text. The references to the sources used in the text are given according to the model [2, p. 364; 5, p. 127; 7-9], where the first number is the number of the source in the list of references, then, after the comma, goes the number of the page; several sources are given with the semi-colon or hyphen. The bibliographic description of the literary sources is given according to the DSTU 8302:2015 requirements.

The graphic material should be performed in the programs available for further editing. For pictures and tables it is necessary to use Times New Roman font, size 11 pt, 1.0 interval, black-and-white gamma scale, the description is given below the picture, full justification. The tables should have the title and number in Arabic figures, in one line with its title. The tables in horizontal format (broad size) are not accepted. The broad size of the table should not exceed the broad size of the text. Mathematic formulas are presented in Microsoft Equation Editor. Besides publishing in the text, all pictures, tables, photos should be submitted in a separate file. Scanned (photocopied) tables and pictures are not accepted. Word division (including automatic) is not accepted.

N.B.! The articles of postgraduate students and master's degree students should be submitted together with their scientific advisor's review or the department's review and recommendation for publishing, certified with the seal of the educational establishment or other establishment.

The files of the participant should be named in accordance with his surname and initials, e.g.: *Article_Olijnyk.doc*.

Works received late, in violation of the deadline for submission for review, will **NOT** be accepted! The organizing committee reserves the right to reject articles that do not meet the topic and requirements. Authors and supervisors are responsible for the content of the article.

Certificate

To receive the certificate it is necessary to fill in the on-line form according to the reference:
<https://forms.gle/Qcw1E1d9qQZ8N9W86>

Bank details for payment for the certificate

Izmail State University of Humanities
EDRPOU code 02125467
Account UA 49 820172 0313 27100 42010 12580
MFO code 820172 Bank: DKSU, Kyiv
Purpose of the payment – full name (of the author(s) of publication) for participation in the conference and a certificate on December, 20, 2023

**THE GREEKS IN THE ETHNO-SOCIAL STRUCTURE OF THE SOUTHERN BESSARABIA
URBAN POPULATION IN THE FIRST HALF OF THE 19TH CENTURY (BASED ON
POPULATION CENSUSES)**

Viktor Drozdov¹

**ГРЕКИ В ЕТНОСОЦІАЛЬНІЙ СТРУКТУРІ НАСЕЛЕННЯ МІСТ ПІВДЕННОЇ
БЕССАРАБІЇ В ПЕРШІЙ ПОЛОВИНІ ХІХ СТ. (ЗА МАТЕРІАЛАМИ ПЕРЕПИСІВ
НАСЕЛЕННЯ)**

Віктор Дроздов¹

Abstract. *Based on the population censuses analysis the number of the Greek ethnic group of the cities Akerman, Tuchkov (Izmail), Reni and Kilia, its sex-age and social structure in the first half of the 19th century was investigated in the article... (250-300 cpl).*

Key words: *Greeks, ethnic group, ethnodemographical processes, urban population, Southern Bessarabia, statistical materials, census reports (5-7).*

Анотація. *У статті на основі аналізу переписів населення міст Акерман, Тучков (Ізмаїл), Рені та Кілія досліджено чисельність грецької етнічної групи в першій половині ХІХ ст., її статеві-вікову та соціальну структуру... (250-300 знаків).*

Ключові слова: ... (5-7).

Population censuses are one of the key sources in the study of ethnodemographic processes and the ethnosocial structure of the population of the country or its individual region. In the Russian Empire, the general population census was conducted only in 1897, and the main forms of statistical population accounting in the first half of the 19th century. there were revision censuses of taxable estates, metric books and current administrative and police population records. The first census of the population of Bessarabia was conducted in 1817, at the same time as the population was made to swear allegiance to the emperor [1, p. 23]...
